## Web Browsing

When you visit Westnet's web site and move from page to page, read pages or download content onto your computer, we use standard web server log files, to count visitors and evaluate our site's technical capacity. We learn which pages are visited, what is down loaded, the domains our visitors come from and the addresses of sites visited immediately before coming to our site. However, none of this is associated with you as an individual. It is measured only in aggregate. This information helps us to keep the pages on our site browser-friendly and useful to our visitors. We record information on site traffic but not information on individual visitors to our site.

## Email

When you send us an email to comment on something or ask us a question, we learn your exact email address and the thoughts you share. We use your email address to thank you for your comment and/or reply to your question, and we will store your communication and our reply in case we correspond further. We may, from time to time, use this information to make our users aware of special offers from Westnet Wireless. We will not share it with or sell it to any third party for such use.

## Mailing Lists and Other Services

When you give us your email address and/or other information and ask us to use it to provide you with specific communications or other services offered on the Westnet Wireless site, we learn your exact email address, any other information you provide, and your request. We use your email address and any other information to provide you with the information or other services you requested until you ask us to stop (using the instructions provided with each email and/or on the site or as we otherwise

provide), or until the information or service is no longer available. We may also, from time to time, use this information to make our users aware of special offers from Westnet Wireless. We will not share or sell your address or other information to any third party.

## **Security**

This website takes every precaution to protect our users' information. When users submit sensitive information, the information is protected. When we ask for sensitive information, such as credit card numbers, that information is encrypted by utilizing SSL.

## **Linking to Other Sites**

Please remember that when you use a link to go from Westnet Wireless to another website, the Westnet Wireless Terms of Service and this Privacy Policy are no longer in effect. Your browsing and interaction on any other website, including sites that have a link on Westnet Wireless, are subject to the rules and policies of that site. Please read over those rules and policies before proceeding. Please note that whenever you submit any information to us, in connection with any service provided through Westnet Wireless, you consent to Westnet processing this information as necessary to provide the services in which you are participating. Please also read over the Westnet Wireless Terms of Service. Westnet Wireless takes privacy matters very seriously, and intends to stay at the forefront of privacy policy and protection matters. If you have any questions, comments, criticisms, or complaints about Westnet's privacy policy and/or the way it affects you, please feel free to contact us regarding such information.

## **Notification of Changes**

If we change our privacy policy, we will post a notice on [www.westnetwireless.net](http://www.westnetwireless.net) so our customers and users are aware of our policies. If we decide to use personally identifiable information in a manner different from that stated at the time it was collected, we will notify users by way of email. Users will have a choice as to whether or not we use their information in this different manner.
